Att: Mr. Tim Hanselman

Dear Tim,

Please be advised that the 30 cubic yard container which our records show was in place at your Keowee St. location from 4/26/82 to 5/17/85 was used to haul the normal trash that is now put into your compactor. In reference to the Powell Rd landfill tickets that indicate a 30 yd container was dumped at Powell Rd., it is conceivable that this could have been your regular trash container or possibly a temporary container used for construction debris as we do use 30 yd containers for this purpose. I do not, however, have records to verify the actual contents of the 30 yd containers that were dumped at Powell Rd.

Sincerely,

A handwritten signature in cursive script, appearing to read 'R. Kania'.
